

# Hen Egg Holder

Create a cute hen egg cup holder to hold your most special Easter egg.

## Supplies

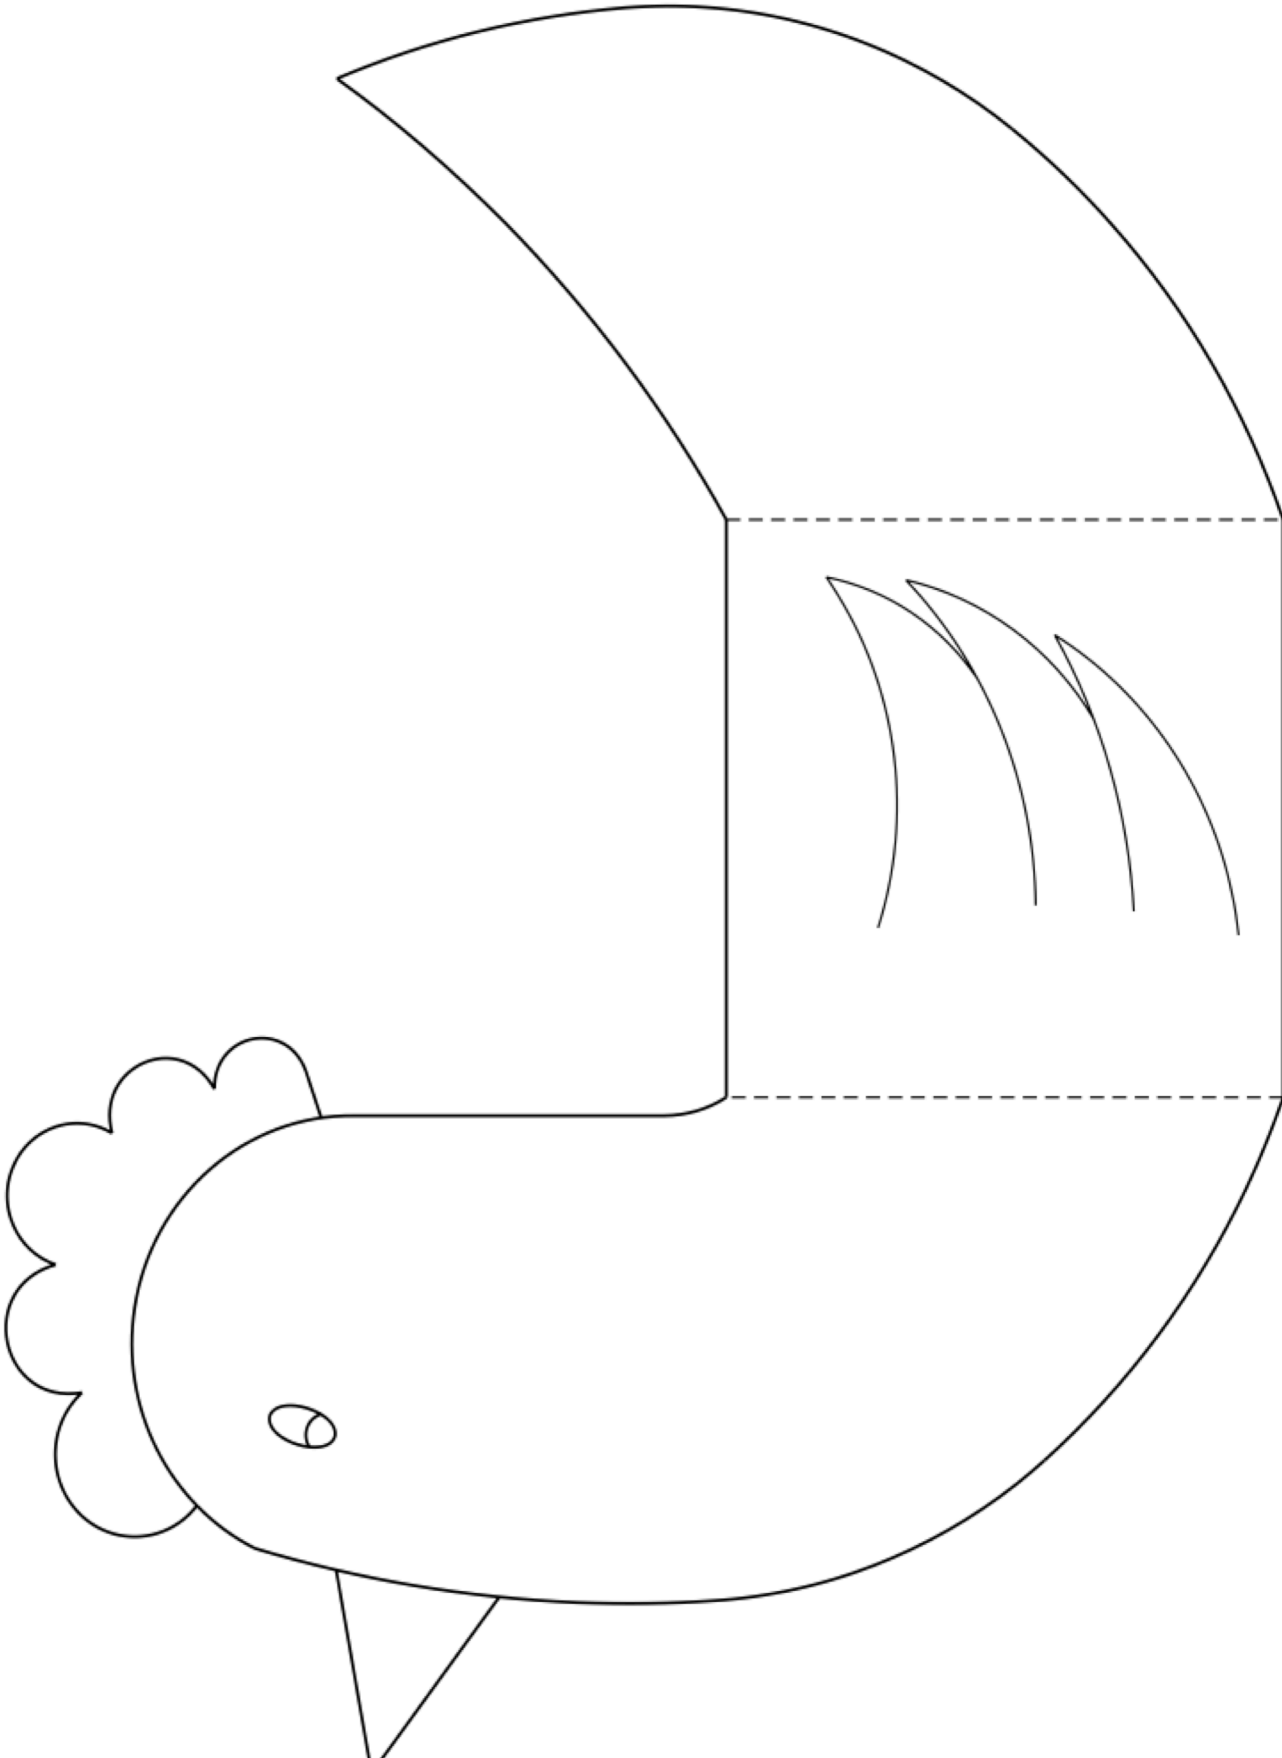

- Printable hen egg holder template (front)
- Printable hen egg holder template (back)
- Crayons, markers, or colored pencils
- Scissors
- Glue
- Dyed Easter eggs

## Instructions

1. Print out your egg hen printable templates onto white card stock.
2. Color and cut them out.
3. Fold the card back on the dotted lines.
4. Glue every part of the chicken except for the 7cm square inside the dotted lines.
5. When the glue is dry, push the back towards the front of the hen so that the open square bows out to accommodate your egg.
6. If the egg space is too big, just glue it a bit closer in to fit your standard egg. (But the 7cm gap should fit a large hen egg snugly.)
7. Carefully place your egg inside the opening.
