

Mother's Day Paper Flower

What you Need

- ⇒ Tissue paper (green)
- ⇒ Markers (optional)
- ⇒ Template of Note Card (to follow)

Preparation before Activity

- ⇒ Cut tissue paper into squares. All squares have to be the same size and the sides have to be even. (Each child needs 7 squares.)
- ⇒ Print Note Card Template and cut out

What to Do:

1. Cut 7 pieces of tissue paper into squares. All 7 have to be the same size and the sides have to be even.
2. Take markers and decorate the tissue paper. (Optional)
3. To make it look more like a flower, take each individual piece of tissue paper and crinkle it up in your fist.
4. Once you've crinkled all 7, spread them back out and lay each piece on top of each other.
5. Once they are all on top of each other, fold a little bit on top and flip it to the back and fold the same amount on that side, just like you would do if you were making a paper fan.
6. When you are don folding all of it, hold the middle, take a green pipe cleaner, and wrap it around the middle for a stem.
7. Carefully without ripping the paper, spread out the pieces from each other and shape it into a flower.
8. Attach note card.

'Train up a child in the way
they should 'Grow', and they
will not turn from it.'

♡ Proverbs 22:6 ♡
