

## **ASSEMBLY**

The Christian Education Council recommends that if you and your staff decide to have an Assembly, not to consider it a worship service. The children need to be in church each Sunday to worship. The Assembly should be no more than 15-20 minutes. If you have a Family Sunday you might skip Assembly that week.

Assembly should begin at the same time each Sunday even if all students are not present, because by starting later, class and Church time are compromised.
