

DIRECTIONS:

1. Make 1 copy of both this page and the "Master Calendar" page to follow.
2. **THIS PAGE:** Cut out each calendar square and distribute 1 to each student. (Depending on how many students you have, you may either give each child 2, or complete any extra squares together as a class.)
3. Instruct each student to write inside their square something they can do during Advent to represent their love for Jesus. (This can be an act of kindness, something reflective, something to refrain from, etc.)
4. When everyone is finished, glue each square onto your "Master Calendar" (Page 2).
5. Make copies of the Master and give each student a copy to follow each day until Armenian Christmas.
