

Երբ Յիսուս երեսուն տարեկան եղավ, ան մկրտուեցավ Յորդանան գետին մեջ:
When Jesus was about thirty years old, He came to the Jordan River to be baptized.

1. The drawing is a perspective view of a mechanical assembly. It consists of a central cylindrical body with a flange at the top and a bottom flange. There are several small rectangular components attached to the sides, and a large circular flange at the bottom. The drawing is oriented vertically on the page.
