

# COMPARATIVE RELIGION

*The purpose of this column is to compare the teachings of other religions and Christian sects to the teachings of our Church. This month: Christian Science*

## **What the Armenian Church teaches:**

1. There is matter. There is a physical universe.
2. Christ became flesh. He had a physical body.
3. There is evil in this world.
4. Christ was, and is, divine.
5. There is the Holy Trinity: God the Father, the Son and the Holy Spirit.

## **What the Christian Scientists teach:**

1. There is no matter. The Christian Scientists do not believe in the existence of a physical universe.
2. Christ did not become flesh. He did not become a man with a physical body.
3. There is no such thing as evil.
4. Christ was not divine.
5. There is no Holy Trinity.
