

CUPCAKE LINER ANGELS

Materials Needed:

- 2 cupcake liners
- Glue/Tape
- Pipe cleaner
- Scissors
- Paper
- Markers

Start by folding one cupcake liner in half, then in half again. Flatten another one and cut two triangles out of it for the wings. Glue them together and make sure the bottom is flat.

Cut out a circle with tan colored paper and draw an Angel face on it with markers. Twist a pipe cleaner into a halo and the longer piece can be taped to the back.
