

Easter Candle

These festive candles are perfect for children* to hold since the fabric will protect their hands from the melted wax.

**NOTE: Young children should always be supervised closely when holding a lit candle.*

What You Need

- ⇒ Candles
- ⇒ Play dough (any color)
- ⇒ Fabric squares
- ⇒ Ribbon or Pipe cleaners (to tie fabric around)

Before Class

- ⇒ Cut fabric squares
- ⇒ Cut ribbons

What To Do

1. Give each child a portion of play dough about the size of a walnut. Have the children roll their play dough into a smooth, round ball.
2. Take a candle and gently press it all the way down into the middle of the play dough ball so that it will stand on its own.
3. Place the fabric square underneath the candle so that the colorful print of the fabric is facing down.
4. Gather the fabric around the candle and tie with a ribbon or pipe cleaner
