

HOW'S YOUR ARITHMETIC?

*Do the arithmetic called for, using the numbers described on the left.
See what final number you get.*

1. Begin with the year of the Council of Nicaea.
2. Add the number of sacraments in the Armenian Church.
3. Multiply by the number of major feast days.
4. Subtract the year in which St. Gregory the Illuminator was born.
5. Add the year of the Council of Ephesus.
6. Multiply by the number of letters Paul wrote to the Corinthians.
7. Divide by the number of side altars in an Armenian church.
8. Add the number of days between Easter and Pentecost.
