

Armenian Independence Day Windsock Craft

The long streamers on this patriotic craft look like a flag blowing in the wind.

(Replace the colors of the streamers with the colors of the Armenian flag: Red, Blue, and Orange)

What you will need:

- One-inch **Red, Blue, and Orange** Ribbon or streamers
- 18 oz. Red or Blue Plastic Cups
- Scissors
- String
- Tape
- Sharpie markers

How to Make a Patriotic Windsock:

1. Poke a small hole in the top of the cup. Cut a piece of string about two feet long and poke both ends of the string through the hole towards the inside of the cup. Place your hand inside the cup and pull the string ends almost all the way through. Tie the two ends together to make a big knot. Pull the string back out of the cup. The knot should keep the string from coming all the way through.

2. Decorate the outside of the cup. *Ideas:*

- Stick stickers all over the outside of the cup
- Using Sharpie marker, write:
"Armenia Independence Day"
" May 28"
- Use your imagination!

3. To finish cut red, blue, and orange ribbon into three foot pieces and tape them alternately to the inside of the cup.
