MATERIALS:

- White paper cut into 1.25 in x 8 in strips.
- Red and yellow construction paper
- Glue

INSTRUCTIONS:

1. **CUT** white construction paper into roughly 1.25 in. x 8 in. strips.

2. **PLACE** one strip on top of another at one end perpendicularly.

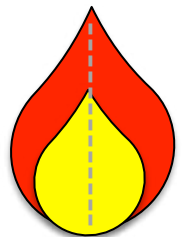

3. **GLUE** them together.

4. **NOW** start to braid them by alternating folding the ends over each other.

5. Once you reached the end, glue again and trim the remaining.

6. Now take a small square or red and yellow construction paper. Cut them together into a “flame shape. Trim the yellow flame so that it is slightly smaller than the red. Glue together. Then make a fold lengthwise down the middle.

7. Fold the bottom of the flame. Glue bottom of flame to the top of braided paper.
